Horario: 9am a 4pm

QUINTO BÁSICO

El objetivo de esta guía es que los estudiantes reconozcan conceptos y definiciones relacionadas al cuidado del medio ambiente. Para dudas que tengan pueden escribirme un correo a esta dirección: yorka.sepulveda.pulmahue@gmail.com, escribiendo en el asunto el nombre de él o la estudiante y su curso, el horario para correos es de 9am a 4pm. Plazo de entrega: viernes 06 de noviembre hasta las 2pm

O.A: Reconocer vocabulario e información relacionada al cuidado del medio ambiente.

I. MATCH MEANING: Draw a line from each word to the correct meaning. Dibuja una línea desde cada palabra a la definición correcta.

- recycle

Most bottles and food packaging are made from this

To use something again, rather than buy a new one.

- paper

To make smaller or less of something.

- plastic

Waste, trash, items we do not need or want.

- reuse

To make something old into something new.

- rubbish

Made from trees, we use and write on this a lot

- reduce

Recycling

II. READ THE PASSAGE AND CHOOSE TRUE OR FALSE. LEE EL TEXTO Y ESCOGE VERDADERO O FALSO.

Recycling is very important in our lives because the waste we create is increasing all the time. The rise in population means that there are more people on the planet to create waste. New packaging are being developed, but much of these products contain materials that are not eco- friendly. New lifestyle changes, such as eating fast food, means that we create additional waste that isn't recyclable. Recycling helps to decrease the pollution caused by waste. It reduces the need for raw materials so that the rainforests can be preserved. Huge amounts of energy are used when making products from raw materials. Recycling requires much less energy which helps to preserve natural resources. We should always remember that making products from raw materials costs much more than if they were made from recycled products.

Circle T (True) or F (False). Encierra en un círculo la alternativa correcta de acuerdo al texto.

- 1 Recycling is very important in our lives. T F
- 2 More people create less rubbish. T F
- 3 Fast food creates more recyclable waste. T F
- 4 Recycling helps decrease pollution. T F
- 5 We need more raw materials with recycling. T F
- 6 Recycling saves the rainforest. T F
- 7 Raw materials are cheap. T F
- 8 Everyone should consider recycling. T F
