## **My job is special**

For most people, a job means they get up at 7:00 am and drive to work by 8:30 or 9:00 am. Later, they have lunch at noon, and then they start work again at 1:00 pm. Finally, they finish work at about 5:00 pm and then go home and have dinner with their family. That kind of job is okay for most people, but my job is special and I love it! I'm commercial airline pilot.

That means I don't drive to work, I fly! In fact, I fly to many different destinations in the world and I have Friends in many countries. Usually, I fly between countries in Asia, North America and South America. It's not surprising, then, that my best Friend lives in Japan and we stay in touch by Facebook and e-mail when I'm in Tokyo, he always invites me to have dinner with him and his family. In fact, my favourite food is sushi. Another good friend of mine Gustavo lives in Brasilia. That's the capital of Brazil. Gustavo and I love to watch football games together when I visit. Is my job perfect? No, it's not. Because I fly across many different time zones, I sometimes go to bed at 2:00 am. At other times, I go to bed at 2:00 pm. That kind of Schedule isn't easy.

In addition, my job often separates me from my wife and two children. They live in New York and often I am many thousands of miles away. Sometimes I miss them very much. However, I think I have an exciting job. And my kids think it's great that I can say, "Hello in eighteen different languages: "Ni hao," "Anyoung haseyo," "Konnichiwa," "Bonjour".
